Subject: RE: 2016 Exceptional Event Demonstration - formal submittal

Good Morning Dot,

I had overnighted the two formal submittals via UPS last Tuesday, November 5, 2019. The tracking slip indicates that they were delivered the following day November 6, 2019, however, we have not received a formal response from EPA indicating formal submittal of the demonstrations.

Interesting that the 2016 demonstration didn't make its way through SPECs as it was submitted 8 minutes after the 2017 demonstration.

Thanks,

Armando Paz

Subject: [EXT] 2016 Exceptional Event Demonstration - formal submittal

Armando, We got the other demonstration formal submittal, the 2017, via SPECs for SIPs. Are you planning to submit the 2016 demonstration via SPECs for SIPs or by mail?

I have all the electronic files for the two demonstration packages. Just wondering about the formal submittal. We will ultimately need it for formal EPA review and concurrence process. Thanks
